Dear Mayor,

Thank you for including the Chamber of Commerce in the Business District trash service transition meetings and for allowing us to provide our insight and guidance. Now that it has been in place for a few months we would like to make one request. Please continue the pickup of the Official City Green Trash Bags for buildings or businesses that do not have the property or facilities for the carts and have a low number of non-food waste only trash bags.

While the City will have more information on this matter, our review of the business districts indicates many businesses were able to transition to cart services and those that could not purchase the Official City Green Trash Bags. This current system should continue beyond the May 1<sup>st</sup> deadline.

Sincerely,

*Andrew Mather*
